

# Let English Discoveries Online Lead Your Students into the 21st Century

## The Educator Controls the Program

Today more and more educational material is delivered outside of a traditional classroom. With EDO's Advanced Teacher Management System (TMS), teachers have a powerful tool to manage the class.

## An Educator's Dream - Authoring Tool for Customizing

The EDO Authoring Tool provides teachers templates to create their own English language learning materials or to adapt existing EDO materials. Educators can create and customize lessons and practice exercises and design their own tests.

**LMS SCORM compliant**

## Awards and Honors For More Than 19 Years:

- The Five Star Q-Mark Award for excellence in multimedia learning software by Chinese University of Hong Kong and the Quality Education Fund

## Professional Development

Edusoft/Tandberg Educational offers teacher training programs and exceptional support to ensure successful achievement.

### About Edusoft

Edusoft is a global developer and provider of English Language Learning solutions via offline and online platforms. The company offers General English and English for Specific Purposes courses that incorporate software, printed material, and instructor training. EDO offers an interactive learning platform combined with a Blended Learning instructional approach that uses different levels of integration. These solutions, which have been localized into many languages, are put into practice by teachers, students, employees, and individuals in over seventy countries around the world. # A Better Way to Learn English

## Hear Them Speak English

English Discoveries Online (EDO) is a complete, computer-assisted English Language Learning solution that develops the areas of Listening, Speaking, Reading, Writing, Vocabulary, and Grammar.

Internet or Intranet, English Discoveries delivers research-proven instructional methods, engaging multimedia technologies, and integrated models of learning and teaching. Worldwide, EDO is used by secondary, adult, and higher education classrooms, business and industry, and government ministries and agencies.

## A Program BUILT for Students

- Nearly 900 hours of study time in interactive multimedia courses
- An online Community Site that offers e-mail and chat rooms with other EDO students
- Adaptive streaming video
- Differentiated Instruction
- Student Forums that provide a perfect place for enhanced global contacts and discussions of a variety of issues
- English Discoveries Magazine that offers current articles on a wealth of topical issues at the students' instructional level
- Bilingual audio learners' dictionary featuring 20,000 entries
- Student Study Planner and My Progress Reports
- Grammar book

## English Across the Internet

Universities across the globe and 16 Ministries of Education have discovered that there's a better way to teach English. EDO's ten interactive topic-based learning English courses consist of nearly 900 hours of e-learning and keep students stimulated as they progress. EDO's instructional models include a self-access approach, blended learning, consisting of computer-based learning tools with communicative classroom instruction, and the integration of the existing curriculum course books with EDO's computer course content.

## A Program BUILT for Teachers

- Advanced Teacher Management System
- Ongoing assessment tools, student progress reports, and exit tests
- Ten interactive, progressive courses
- Explicit lesson plans, teacher guides with full product scope and sequence, workbooks, grammar book, and integrated enrichment activities
- Teacher-student online communication tools that include e-mail and instant messaging
- A monthly updated online Community Site that features new lessons
- An Authoring Tool and Custom Course Builder that helps teachers create differentiated and individualized instruction as well as tailored lessons
- Grammar book

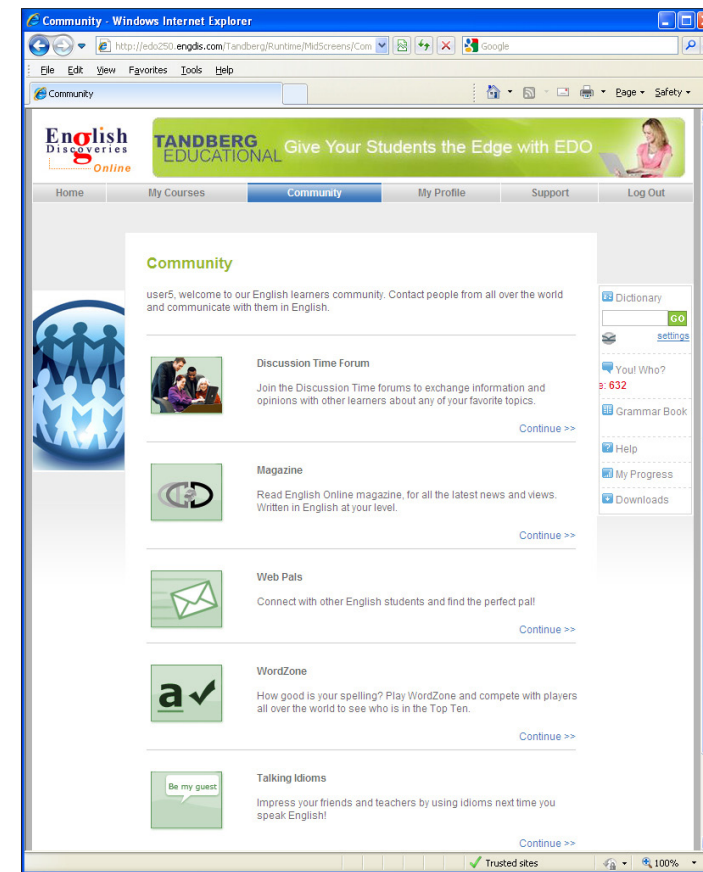

# Meet, Greet, Write, and Talk!

## Our EDO Community Site - The Land of Opportunity

EDO takes advantage of the online community to create a flexible, interactive, and supportive learning environment. Our exclusive website enables over 4 million EDO learners worldwide to meet each other and discover a range of exciting online activities appropriate to their level of English.

Features include:

- Up-to-date English learning content and activities
- A Presence Detector and Instant Messaging System as a platform for communicative activities
- Chats and Forums
- An Online Magazine with regularly updated reading passages that offers the same article at Basic, Intermediate, and Advanced levels of English
- English learning games
- Online "Web Pals" mailing system
- A Web Literacy section that includes site reviews and web-oriented activities
- Introduction of Idioms in context, complete with animation and sound
- A continually updated site that presents the user with ongoing curricular activities and exciting new features

## For Absolute Beginners - First Discoveries

EDO is not just for accomplished students—beginners will benefit even if they have no prior knowledge of English. EDO's First Discoveries course helps beginners to access and use oral and written information that is needed for daily communication through a variety of media and text types. Oral and written texts contain simple vocabulary, basic syntactic structures, and topics that relate to the learners' prior knowledge. This course is designed to teach listening, speaking, reading, writing, vocabulary, alphabet, and grammar skills and uses the same sophisticated media tools as the advanced EDO courses . Beginners can "catch up" fast.
